

# CON-CRET®

## Packaging Change Notice:

This notice is to provide our loyal CON-CRET® retailers, distributors, and customers know of a recent packaging change to our product.

Previously, we used a heat shrink label for our product and have recently moved to using a pressure sensitive label as seen below.

Previous Packaging

New Packaging

Please note, nothing has changed to the product quality and performance that has made CON-CRET® the #1 selling specialty creatine on the market as this is simply a cosmetic change.

Thank you,

The CON-CRET Team
